# Camp Mack 2021

On a walk through the wilderness area at camp last spring, I stopped to move a limb off the trail, so I could pass by more easily. As I reached for the base, I noticed a rustling in the leaves still attached to the twigs branching off the end. My eyes were drawn to the movement of a small animal as it dashed away into the brush along the path. I moved the limb, and where the animal had been were nuts and nut shells now out in the open. I moved the limb back to protect the cache of food, and went on, enjoying the beauty of God's creative power in the awakening of new life and growth.

*Creation Speaks!* is the theme for 2021. With the world awakening from the isolation and uncertainty of the pandemic, the community of camp has never been more important. Campers observe the world around them together and marvel in the incredible intricacies God has given us. Through living and playing in the beauty of creation, they see how the natural and physical worlds work together. Campers engage with scripture, spend time alone with God, and worship every day, finding new meaning and learning about our responsibilities in preserving the bounty of the earth. In becoming a community, they learn to hear and act upon God's call to care for one another.

I invite you to explore the many ways you can participate in the programs and ministry of Camp Mack by carefully reading through the volunteer opportunities, retreats, Get-A-Way Days, and summer camp experiences listed in this brochure. There truly is something for everyone!

Find a way to connect with old friends, make new friends, walk our trails, swim in a sparkling lake, attempt the challenges of our ropes courses, watch a sunset, discover the beauty of nature, and make time for listening to the Word of God. Creation speaks to us in every moment if we take the time to watch and listen. Connect with God and experience creation in this sanctuary place. We'll see you soon!

### Camp Mack 2021 COVID-19 Updates

There is a lot we do not know about how COVID-19 will continue to affect Camp Mack programs and rentals. Vaccines give us hope that restrictions will begin to lessen. Camp Mack has COVID-19 protocols that follow federal, state, and local guidelines. These are monitored weekly and changes are made as new guidelines are released. These guidelines apply to all summer camps, rentals, and retreats.

#### Summer Camps

Plans are in progress for a safe and welcoming summer camp experience for children and youth. There are several safety measures we will have in place, likely for this summer only. They include:

- Hired summer counselors to limit outside exposure
- Activities scheduled in small groups who will remain together for most of camp
- Adjustments to community activities, such as campfires and worship, that honor the purpose of the activities as well as safety recommendations
- Emphasis on outdoor activities
- Changes to mealtime routines
- Mask usage for staff and campers in indoor spaces and when in close contact

Additionally, there will be guidelines for campers that will include recommendations for what to do before coming to camp, as well as a screening process used during registration.

#### Families, Rentals, and Retreats

If you are considering bringing your family or a group to Camp Mack, you are welcome to see Camp's protocols and discuss plans with us. Contact Deanna ([deanna@campmack.org](mailto:deanna@campmack.org)), Camp's Guest Services Director, if you would like to explore this further.

There is no place that can guarantee complete safety until most of the population is vaccinated. So, for unvaccinated people who are highly vulnerable, the safest thing to do is to stay away from groups and gatherings. For others, Camp Mack would not offer programs or rental spaces if we did not believe we have created as safe a space as possible.

Current protocols and updates can be found at [campmack.org/COVID](http://campmack.org/COVID).
