## Stories of the Difference Donors Make: Fall 2022

"Happiness is when what you think, what you say, and what you do are in harmony." Mahatma Gandhi

One of the wonderful opportunities for the entire Camp Mack community is to participate in ministry. It is here that we are able to bring our head, hearts, and hands into alignment. *Camp Mack Impact* begins this month as a quarterly newsletter providing insight about the ways in which our donors and volunteers make a difference in people's lives.

I have the chance to see the faces of children whose lives have been enriched by camp and education programs. I regularly visit with adults from crafting groups, church fellowships, spiritual focus retreats, and recovery programs who tell of God's great work in their lives when they are here. Clubs, social groups, and a variety of organizations share their gratitude for the welcome and hospitality they have received—a sharing of Christian community.

These are the fruits of your generosity with time and treasure. You are translating what you think and say into action here at Camp Mack. Thank you for the impact you make through your faithfulness to this ministry.

# IMPACT

For over 20 years, Camp Mack Festival has been a staple of fall at Camp Mack. Whether you come for the activities, for the food, or the connection with others, it's a great opportunity to enjoy Camp Mack again.

At its core, the festival is a fundraiser; it also fulfills Camp Mack mission. When you come to the festival, it's a chance to remember how you connected with God, to experience the beauty of fall on Waubee Lake, and to connect with your community. One of my favorite parts of the day is when I see people who I didn't know had any Camp Mack connection.

During the ice cream social, I sat down with a summer camp family who came to the festival for the first time. They showed me the bird house they made at Lynn Kreider's booth. They were so thankful for the impact Camp Mack Festival had on their lives
